

Focus Group opportunity

University of
South Australia

SACID are running some **focus groups** with a researcher from the University of South Australia.

Focus groups are when people come together to share their thoughts and ideas about a topic.

This project is looking at different employment groups and their management.

The employment groups they are looking at are

- Social Enterprises (SEs),
- Microenterprises (MEs),
- Open employment settings (Open).

We are looking for people with intellectual disability who work in these different employment groups to join a focus group.

You can join the focus group online or in person at the SACID Office at
